The most appealing of a farmhouse style design have been crafted into the Englewood. Buyers of the luxurious residence will appreciate the multitude of window treatments and an expansive wrap-around porch, double front door and distinctive porch posts highlighting the front elevation. Inside, you will experience an open yet intriguing, "angular" lower level plan consisting of spacious public living areas. The upper level, featuring four full bedrooms-including an enormous master suite-as well as three full baths, will exceed the expectations of even the most discerning homebuyers.

Available Elevations: Full Brick, Partial Brick/Siding, Full Siding
